

## Job Description

Job Title: Research Assistant  
Job ID: 2926  
Department: Division of Social Science

### Job Posting Details

The Emotion and Culture Laboratory is looking for a full-time Research Assistant to help with various research projects including subjective well-being, ideal affect, emotion judgment, and decision making. The appointee will prepare research materials; conduct questionnaire studies and experiments; manage data sets and perform statistical analyses; and coordinate a cross-cultural project with collaborators around the globe.

Applicants should have a bachelor's degree in psychology or related disciplines; an excellent command of written and spoken English and Chinese; proficiency in common computer applications (e.g. Word, Excel, Chinese word processing); and experience in statistical analyses. (Duration: 1 year, renewable)

Starting salary will be commensurate with qualifications and experience. Fringe benefits including annual leave, medical and dental benefits will be provided.

Applicants are also requested to upload their curriculum vitae along with their application submitted online at the following link:
