

Job Description

Job Title: Post-doctoral Fellow
Job ID: 3475
Department: Division of Social Science

Job Posting Details

The appointee will be working in Michelle Yik's Emotion and Culture Lab (<http://michelleyik.people.ust.hk/>) on a project examining the interplay between cultural influence and the structure of emotion in 50 cultures. S/he is expected to conduct primary research both in collaboration with overseas collaborators and independently. The appointee will also assist the research team in preparing conference presentations and research papers.

Applicants should have a PhD degree in psychology or a related discipline with solid knowledge of social / personality psychology and multivariate analyses.
(Duration: 1 year, renewable)

Starting salary will be commensurate with qualifications and experience. Fringe benefits including annual leave, medical and dental benefits will be provided.

Applicants are required to upload (a) a curriculum vitae; (b) a letter of intent describing their motivation, qualifications, skills and experience relevant to this position; (c) one writing sample; and (d) 3 references with contact information at the following link.
